Item 10: APPLICATION OF TARIFF

The provisions of this Tariff, as amended, shall apply to Truckload services provided by Paschall Truck Lines, Inc. (hereinafter "Carrier") in interstate, intrastate and/or foreign commerce between points in North America, except that the provisions of this Tariff shall not apply to any services or transportation otherwise provided pursuant to written transportation agreements between Carrier and a shipper ("Shipper Agreement").

If there is a conflict between the terms and conditions of this tariff and the terms and conditions on any manifest, label, bill of lading, or other transit documentation, the terms and conditions of this tariff, as amended, modified, changed, or supplemented, will control.

Rates and service quotations are good faith estimates based upon information provided to us, but final rates and service may vary based upon the shipment actually tendered, unknown circumstances, incorrect or incomplete information, and subsequent inclusion of the terms and conditions of this tariff.

This Tariff shall govern handling of General Commodities, except commodities in bulk and Household Goods and those commodities injurious or contaminating to other lading. Carrier reserves the right, at its sole discretion, to refuse to transport certain commodities if it is believed that in the performance of transporting said cargo there is a possibility of harm or damage to persons, property, equipment, the environment, or the cargo itself.

Commodities that Carrier will not transport include, but are not limited to, fireworks, hazardous waste, refuse, cash currency, cadavers, and live animals.

Item 20: MILEAGE

Mileage shall be calculated using ALK Associates PC Miler Practical Miles (most recent version).

Item 200: ADDITIONAL COSTS

Whenever Carrier incurs costs due to customer requirements, the customer shall be invoiced at 100% of any and all fees, charges, repairs, replacements and/or general expenses associated with those incurred costs.

Item 300: INVESTIGATIONS OF CARGO CLAIMS

Each claim for loss or damage to cargo filed against Carrier in the manner prescribed herein will be promptly and thoroughly investigated.

Carrier reserves the right to require any and all other documentation it deems necessary, in its sole discretion, to investigate any claim. Regardless of the foregoing, each claim will be supported by the original bill of lading, evidence of the freight charges, if any, and either the original invoice, a copy of the original invoice, or an extract made therefrom, certified by the claimant to be true and correct.

For shipments or any part thereof which are not delivered, Carrier reserves the right to require certification from the claimant that the missing cargo has not been received from any other source.

Item 320: PROCESSING OF CARGO CLAIMS

Carrier, when having received written claim for loss or damage to baggage or for loss, damage, injury or delay to property transported will pay, decline, or make a firm compromise settlement offer in writing to the claimant within 120 days after receipt of the claim by the carrier, provided, however, that if the claim cannot be processed and disposed of within 120 days after the receipt thereof, carrier will at that time, and at the expiration of each succeeding 60-day period while the claim remains pending, advise the claimant in writing of the status of the claim and the reason for the delay in making final disposition thereof and it will retain a copy of such advice to the claimant in its claim file thereon.

Item 340: PROCESSING OF SALVAGE

Whenever baggage or material, goods, or other property transported by a carrier is damaged or alleged to be damaged and is, as a consequence thereof, not delivered or is rejected or refused upon tender thereof to the owner, consignee, or person entitled to receive such property, the carrier, after giving due notice whenever practicable to do so to the owner and other parties that may have an interest therein, and unless advised to the contrary after giving such notice, will undertake to sell or dispose of such property or by the employment of a competent salvage agent. The carrier will only dispose of the property in a manner that will fairly and equally protect the best interests of all persons having an interest therein. The carrier will make an itemized record sufficient to identify the property involved so as to be able to correlate it to the shipment or transportation involved and claim, if any, filed thereon. The carrier also will assign to each lot of such property a successive lot number and note that lot number on its record of shipment and claim, if any claim is filed thereon.

Whenever disposition of salvage material or goods will be made directly to an agent or employees of a carrier or through a salvage agent or company in which the carrier or one or more of its directors, officers, or managers has any interest, financial or otherwise, that carrier's salvage records will fully reflect the particulars of each transaction or relationship, or both as the case may be.

Upon receipt of a claim on a shipment on which salvage has been processed in the manner hereinbefore prescribed, the carrier will record on its claim file thereon the lot number assigned, the amount of money recovered, if any, from the disposition of such property, and the date of transmittal of such money to the person or persons lawfully entitled to receive the same.

If carrier does not receive disposition instructions within forty-eight (48) hours of sending its initial notice, carrier may, in its sole discretion, attempt to issue a second and final confirmed notification. Such second notice shall advise that if carrier does not receive disposition

instructions within ten (10) days of that notification, carrier may offer the shipments for sale at a public auction and the carrier has the right to offer the shipment for sale. If carrier determines in its sole discretion that the potential for recovery will be prejudiced by such second notice period (e.g., where the goods to be salvaged are perishable), carrier may shorten the second notice period or forego the second notice altogether. The amount of sale will be applied to the costs of the sale and carrier's invoice for transportation and other lawful charges. The owner will be responsible for the balance of the charges not covered by the sale of goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon written claim and proof of ownership.

Item 360: FILING OF CARGO CLAIMS

- a) Claims in writing required. Claims for loss, damage, injury, or delay to cargo must be filed in writing, as provided in subparagraph (b) below, and as otherwise may be required by law, the terms of the bill of lading, the Shipper Agreement, and all tariff provisions applicable hereto.
- b) Minimum filing requirements. A communication in writing from a claimant for loss or damage must be filed within nine (9) months after the delivery of the property except that claims for failure to make delivery (or portion thereof) must be filed within nine (9) months from the date delivery should have been made (1) containing facts sufficient to identify the shipment (or shipments) or property involved, (2) asserting liability for alleged loss, damage, injury, or delay, and (3) making claim for the payment of a specified or determinable amount of money, will be considered as sufficient compliance with the provisions for filing claims embraced in the bill of lading or other contract of carriage.
- c) Documents not constituting claims. Notations of shortage or damage, or both, on freight bill, delivery receipts, or other documents will not be considered by carriers as sufficient to comply with the minimum claim filing requirements specified in subparagraph (b) above.
- d) Claims filed for uncertain amounts. Whenever a claim is presented against a carrier for an uncertain amount, such as "\$100 more or less," the carrier against whom such claim is filed will determine the condition of the shipment involved at the time of delivery by it, if it was delivered, and will ascertain as nearly as possible the extent, if any, of the loss or damage for which it may be responsible. It will not, however, voluntarily pay a claim under such circumstances unless and until a formal notification in writing for a specified or determinable amount of money will have been filed in accordance with the provisions of subparagraph (b) above.
- e) Concealed damage claims. When damage to contents of a shipping container is discovered by the consignee which could not have been determined at the time of delivery, it must be reported by the consignee to the carrier upon discovery and a request for inspection by the carrier's representative made by consignee. Notice of loss or damage and request for inspection may be given by telephone or in person, but in either event must be confirmed in writing by mail or overnight courier.

If more than fifteen (15) days pass between date of delivery of shipment by carrier and the date of report of loss or damage and subsequent request for inspection by consignee, it shall be the obligation of the consignee to offer reasonable evidence to the carrier's representative when inspection is made that loss or damage was not incurred by the consignee after delivery of shipment by carrier. While awaiting inspection by carrier, the consignee must hold the shipping container and its contents in the same condition they were in when damage was discovered insofar as it is possible to do so.

- f) Institution of Suits. Suit for loss, damage, injury or delay shall be instituted against carrier no later than two years and one day from the day when written notice is given by the carrier to the claimant that the carrier has disallowed all or any part of the claim specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, carrier shall not be liable, and such claims will not be paid.

Item 380: ACKNOWLEDGMENT OF CLAIMS

Each carrier will, upon receipt in writing of a proper claim in the manner and form described in these regulations, acknowledge the receipt of such claim in writing to the claimant within 30 days after the date of its receipt by the carrier unless the carrier will have paid or declined such claim in writing within 30 days of the receipt thereof. The carrier will indicate in its acknowledgment to the claimant what, if any, additional documentary evidence or other pertinent information may be required by it to further process the claim as its preliminary examination of the claim as filed, may have revealed.

The carrier will, at the time each claim is received, create a separate file and assign thereto a successive claim file number, and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim, including the written acknowledgment of receipt, and, if in its possession, the shipping order and delivery receipt, if any, covering the shipment involved. At the time such claim is received, the carrier will cause the date of the receipt to be recorded on the face of the claim document, and the date of receipt will also appear in the carrier's written acknowledgment of receipt to the claimant.

Item 400: CLAIMS FOR OVERCHARGE, UNDERCHARGE OR DUPLICATE PAYMENT

- a) "Overcharge" means an overcharge as defined in Section 49 &U.S.C. § 14704(b). It also includes duplicate payments as hereinafter defined when a dispute exists between the parties concerning such charges.
- b) "Duplicate payment" means two or more payments for transporting the same shipment. Where one or more payment is not in the exact amount of the applicable rates and charges, refunds shall be made on the basis of the excess amount over the applicable rates and charges.

- c) "Unidentified payment" means a payment which a carrier has received but which the carrier is unable to match with its open accounts receivable or otherwise identify as being due for the performance of transportation services.
- d) "Claimant" means any shipper or receiver, or its authorized agent, filing a request with a carrier for the refund of an overcharge or duplicate payment.
- e) "Undercharge" means charges for transportation services which are less than those applicable thereto.
- f) All claims shall be filed in accordance with the provisions of Item 360.

Item 420: FILING, DOCUMENTING, AND PROCESSING CLAIMS

Claims for overcharge or duplicate payment shall be accompanied by sufficient information to allow the carriers to conduct an investigation and pay or decline the claim within 180 days of the date of the invoice. Claims shall include the name of the claimant, its file number and the amount of the refund sought to be recovered and shall be accompanied by the original freight bill along with all other documents or data in the possession of the claimant which substantiates the basis for the claim. Claims for duplicate payment shall be accompanied by the original freight bill(s) for which charges were paid and by applicable payment information.

If either party disputes the other party's claim for either "Overcharge," "Duplicate Payment" or "Undercharge," the disputing party has 180 days from the date of the invoice to file in writing with the Surface Transportation Board, a request for the determination of the applicability or reasonableness of the claim as provided for under the Interstate Commerce Commission Termination Act.

In the event carrier invoices the shipper, receiver or its authorized agent for charges for transportation services which are less than those applicable to such services, carrier shall file an undercharge claim within 180 days of the date of the original invoice to the party responsible for payment of the freight charges. Carrier shall provide the amount of the undercharge sought to be recovered and such claim shall be accompanied by a copy of the original freight bill and a corrected freight bill along with all other documents or data substantiating Carrier's claim.

Item 440: CLAIMS RECORDS

The Carrier shall at the time a claim is received create a separate file and assign it a successive claim file number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim, including the written acknowledgment of such claim. At the time such claim is received, the Carrier shall cause the date of receipt to be recorded on the face of the claim and all records and correspondence with respect to the claim, including the acknowledgement of receipt to the claimant.

Item 460: LIABILITY LIMITED

- a) This Item 460 shall not apply to shipments moving from or to points in Mexico.
- b) Carrier's liability for loss or damage shall be that of a common carrier as set forth in the Carmack Amendment currently codified at 49 U.S.C. § 14706 (Carmack), as amended from time to time, regardless of whether transport is interstate or intrastate. Unless a higher value is declared by the shipper in accordance with the provisions herein and the additional freight charges applicable to such declaration have been paid, Carrier's liability for loss, damage, or delay as to any shipment shall not exceed \$100,000 per shipment.
- c) Declaring values in excess of \$100,000.
- i. Carrier must be notified at the time it agrees to transport cargo that a value in excess of \$100,000 (but in any event, not exceeding \$150,000) will be declared, and the amount that will be declared. The declared value shall be valid (meaning Carrier's \$100,000 limitation of liability shall apply) unless Carrier has agreed in writing signed by an authorized representative to accept the cargo at the declared value. Carrier's driver is not an authorized representative of Carrier for purposes of this provision.
 - ii. The declared value must be clearly stated as such on the face of the bill of lading.
 - iii. A charge of \$0.20 per \$100 of declared value in excess of \$100,000, in addition to all other charges, shall be assessed.
 - iv. Declared values in excess of \$150,000 shall not be accepted, and in the event shipper attempts to declare a value in excess of \$150,000, Carrier's liability shall continue to be limited to \$100,000 per shipment.
- d) In no event shall Carrier's liability exceed the lesser of the actual value of the cargo or the declared value.
- e) Used or Reconditioned Equipment The foregoing notwithstanding, Carrier's cargo liability on used or reconditioned equipment is limited to the lesser of the cost of repair, cost to replace, actual value, released value or declared value. In any event, Carrier cargo liability for such goods is limited to \$5.00 per pound per item up to \$100,000 per shipment unless excess value is declared and obtained in accordance with the foregoing provisions. Regardless of valuation, Carrier's liability is limited to visual surface damage to external parts only and not to the electrical or mechanical condition of the unit, and will not be liable for any claims of diminished value or any other value not specifically set forth herein. The charge will be \$0.20 per \$100.00 of value declared over \$100,000 with a limit of \$150,000 valuation permissible. Shipments which unknowingly involve used or reconditioned equipment will still be governed by these terms regardless of other terms arranged. Freight will be considered reconditioned freight if it has been in previous service and was later reconditioned, regardless of the percentage or value of the new, unused, or reconditioned parts added during the reconditioning processes.
- f) The value of shipments involving documents (including checks, bonds, stock certificates, or any other negotiable or non-negotiable instrument), records and data records, without limitation as to the type, including but not limited to electronic or paper hard copy, shall be

limited to the value of the actual media upon which it is contained. Further, no costs, expenses, or claims of any nature will be assumed or accepted which is associated with the replication, duplication or recreation of lost data or documentation. For example, in the case of paper documents the value shall be limited to the value of the paper. The foregoing shall apply regardless of declarations made or documentation on any shipment paperwork.

- g) Regardless of commodity shipped or valuation, all transportation charges must be paid in full before any settlement for a claim for loss or damage will be made. No payor or other party with an interest in a shipment may deduct or offset any cargo loss, damage, or delay claims from any freight charges owed to Carrier. Carrier reserves the right, at its sole discretion, to either credit an account or provide an actual refund for any sums determined to be owed by Carrier.
- h) The valuation as determined by the provisions of this item shall be the maximum liability in connection with a shipment of the specific cargo, including, but not limited to, any loss, damage, delay, misdelivery, non-delivery, misinformation, any failure to provide information, or misdelivery of information relating to the shipment. It is the shipper's responsibility to prove actual damages. Exposure to and risk of any loss in excess of the released value provisions or declared value provisions as provided for in this item is assumed by the shipper.
- i) On shipments that have had a previous move or where any portion of a shipment is not able to be directly inspected due to packaging, wrapping, sealing, and/or otherwise consisting of "containerized" cargo, no opportunity to declare excess value for cargo to cargo shall be offered, provided, inferred or implied.
- j) On shipments which pick up at a warehouse or manufacturing location where any shipment or portion thereof is not able to be directly inspected by Carrier due to packaging, wrapping, sealing, and/or otherwise consisting of "containerized" cargo, Carrier's cargo liability is limited to visual surface damage to the package or container only and no liability for damage to contents shall be offered, provided, inferred or implied.
- k) Carrier shall have no liability for cargo loss or damage regarding shipments that are sealed outside of the presence of Carrier personnel, including Carrier's driver, where such loss or damage is caused by improper loading or failure to block or brace. This provision applies regardless of the presence or absence of a "shipper load and count" or similar designation on the bill of lading or other shipment documentation. A broken seal shall not be grounds for rejection of a load.

ITEM 470: LIABILITY FOR SHIPMENTS OUTSIDE THE U.S.

For shipments requiring customs clearance, the Shipper, Consignee, Third Party, Broker and/or Agent is responsible for complying with all applicable domestic and international treaties, laws, government regulations, orders or requirements including but not limited to

customs and import laws and regulations of any country to, from, through or over which the shipment may be carried and agrees to furnish such information and complete such documents as are necessary to comply with such treaties, laws, regulations, orders or requirements. Under no circumstances will the Carrier be liable for failure to comply with such provisions.

ITEM 480: LIABILITY – MEXICO

- a) For shipments moving from or to points in Mexico, Carrier advises its customer that it will only transport shipments destined to Mexico to the border most convenient to Carrier, or closest border place to destination, and will interchange the shipment to a Mexican carrier for delivery in Mexico. Carrier shall accept bills of lading showing a destination in Mexico as being amended to show destination of the Mexican border interchange point. Carrier, as a motor carrier, provides no actual service in Mexico. Therefore, should the shipper tender a shipment on a bill of lading with a Mexican destination, Carrier will act solely as a shippers agent in arranging interchange with a Mexican carrier at the border to deliver the shipment under the Mexican carrier's bill of lading to its ultimate destination. The shipper MUST look solely to the Mexican carrier should loss, damage, or delay occur in Mexico or in possession of the designated Brokers, Freight Forwarders, or Mexican carrier. Carrier agrees to provide complimentary limited liability coverage for its services as follows:
- i.) If loss or damage occurs to a shipment while within the Border of Mexico, or at a Border Gateway of Mexico, maximum liability will be limited to \$0.10 cents per pound per package or \$1,000.00 per shipment, whichever is lower.
- ii.) If the Shipper desires to tender a shipment requiring carrier liability coverage in excess of the .10 cents per pound maximum liability noted in 1 above, the Shipper must indicate in writing on the Bill of Lading, as applicable at the time of shipment the total American dollar amount of additional coverage requested. The notation of EXCESS LIABILITY COVERAGE and the AMOUNT of the additional coverage must be placed with the description in lettering at least one inch in height. The maximum available carrier excess liability coverage is \$0.50 cents per pound per package or \$5,000.00 per shipment, whichever is lower. In no event will Carrier's maximum liability exceed the above coverage. See section 8 for details.
- a) Application of this provision is only while the shipment is within the Borders of Mexico or at a Border Gateway of Mexico.
- b) Excess liability coverage is not available for the following:
1. Articles with actual, declared or released value as described in the NMFC or Carrier tariffs (see section 14 of this tariff).
 2. Articles other than new. See section 9.

3. Loss or damage occurs to a shipment within the Border of the US and not a Border Gateway of Mexico, the Carrier's US domestic liability limitations will apply, except that no excess liability coverage is available and the Carrier's maximum liability will not exceed the lesser of the actual value supported by a certified copy of the original invoice, not to exceed the limitations and exclusion as detailed in Item 108 herein. In the event that the point of loss or damage cannot be determined, the liability limitations will be .10 cents per pound per package. See section 8 for details.

iii.) The parties agree that Carrier will be exempt from any obligation or liability arising from:

- A. Accidents or Acts of God, or from any other reasonable cause that is beyond Carrier's control;
- B. Governmental actions;
- C. Erasures or scratches caused by electric or magnetic damage or from any other damage to electronic, photographic or any other kind of images;
- D. Incomplete or inaccurate information stated in the Service order;
- E. Any of the following: theft, with or without violence, assault, attacks, disruption of public peace, kidnapping, fire, earthquake, revision of the merchandise at fiscal inspection stations or customs offices run by different administrative authorities and in general disaster or action, with or without violence which may happen to Carrier and the Carrier and by which the conservation, keeping and/or delivery of the merchandise, the total or partial, is prevented, in conditions different to the conditions when it was received.

b) Additional liability coverage **IS NOT AND WILL NOT BE CONSIDERED AS INSURANCE FOR THE CARGO**; therefore, Carrier recommends that the Customer obtain insurance coverage through their own insurance carriers to insure their shipments for greater amounts for the transportation beyond the border interchange to the Mexican carrier for ultimate destination in Mexico.

Item 500: DELINQUENT ACCOUNTS

Payments received more than 30 days after the date of Carrier's bill will be assessed a late payment fee equal to 1.5% of the total freight bill for each 30-day period or portion thereof, from the date of the Carrier's freight bill until the date the payment is received, in addition to all other charges. In any action to recover unpaid freight bills from delinquent accounts, carrier shall be entitled to interest, reimbursement for reasonable attorney's fees, court costs and any related fees associated with the collection or attempted collection of past due bills.

Consignor shall be liable to make payment to Carrier for services rendered on behalf of the consignor notwithstanding any provision on the applicable bill of lading or other shipment documentation.

Item 580: DETENTION

a) When carrier's vehicles are delayed or detained at premises of consignor or consignee, or other places designated by consignor or consignee for loading or unloading, the following charges will be assessed which will be in addition to all other lawful transportation charges.

Type of Equipment	Total "Free Time" Allowance for Loading and Unloading	Charge in excess of "Free Time"

Item 610: SHIPPER BILL OF LADING / PAPERWORK

Bills of Lading and/or paperwork provided by a shipper, broker, forwarder, other carrier, intermediary, or other documents not issued by Carrier, shall act solely as “receipts” for the transfer of custody of cargo only.
